

# PRS-MOD

The Superior PRS-MOD regulates outlet pressure at the valve regardless of incoming pressure fluctuation

The PRS-MOD is perfect for new installations and retrofitting existing irrigation systems

The regulator fits all SPV and 950 Superior Valve models and 800 Superior Adaptors

SPV

950

## Features

- Regulates and maintains outlet pressure between 10 and 100 PSI
- Adjustment dial in increments of 5 psi provides accurate pressure setting readout
- Consistent downstream pressure regulation reduces water hammer and pressure spikes
- Waterproof, corrosion-resistant dial housing eliminates fogging and binding
- Fitted with Schrader valve for pressure gauge verification
- Threads into valve port for easy field upgrade installation

SUPERIOR

## PRS-MOD

### Valve Pressure Regulating Module

#### Features and Benefits

- Compatible with the SPV, 950, and 800
- Regulates and maintains outlet pressure between 10 and 100 PSI
- Adjustment dial with increments of 5 PSI provides accurate pressure setting readout
- Consistent downstream pressure regulation reduces water hammer and pressure spikes
- Waterproof, corrosion-resistant dial housing eliminates fogging and binding
- Fitted with Schrader valve for pressure gauge verification
- Threads into valve solenoid port for easy field upgrade installation

#### Operating Ranges

Inlet Pressure: up to 200 PSI  
 Pressure Regulation: 10 to 100 PSI  
 Accuracy: + / - 3 PSI  
 Flow: refer to chart  
 Temperature: Up to 150°F

#### Recommended Flow Ranges

Valve Size	Flow Range
3/4"	5 to 20 GPM
1"	5 to 40 GPM
1 1/4"	15 to 70 GPM
1 1/2"	20 to 100 GPM
2"	40 to 200 GPM
2 1/2"	100 to 360 GPM
3"	100 to 360 GPM

#### Model Description

Model No.	Description
PRS-MOD	Pressure Regulating Module
